

Health and Safety Policy

Purpose of policy

1. Harlesden Neighbourhood Forum (the **Employer**) takes health and safety issues seriously and is committed to protecting the health and safety of its staff and all those affected by its business activities and attending its premises. This policy is intended to help the Employer achieve this by clarifying who is responsible for health and safety matters and what those responsibilities are.
2. This is a statement of policy only and does not form part of your contract of employment. This policy may be amended at any time by the Employer in its absolute discretion. The Employer will review this policy at regular intervals to ensure that it is achieving its aims effectively.

Who is responsible for workplace health and safety?

3. Harlesden Neighbourhood Forum is a small charity and staff work from home. This policy will cover both the current period and will also apply should more staff be recruited and premises obtained. Achieving a healthy and safe workplace is a collective task shared between the Employer and staff. This policy and the rules contained in it apply to all staff of the Employer, irrespective of seniority, tenure and working hours, including all employees, directors and officers, consultants and contractors, casual or agency staff, trainees, homeworkers and fixed-term staff and any volunteers. Specific responsibilities of staff are set out in the section headed "Responsibilities of all staff" below.

Employer responsibilities

4. The Employer is responsible for:
 - a. taking reasonable steps to safeguard the health and safety of staff, people affected by the Employer's business activities and of people visiting its premises;
 - b. identifying health and safety risks and finding ways to manage or overcome them;
 - c. providing a safe and healthy place of work and safe entry and exit arrangements, including during an emergency situation;
 - d. providing and maintaining safe working areas, equipment and systems and, where necessary, appropriate protective clothing;
 - e. providing safe arrangements for the use, handling, storage and transport of articles and substances;
 - f. providing adequate information, instruction, training, and supervision to enable all staff to do their work safely, to avoid hazards and to contribute positively to their own health and safety at work. The Employer will give you the opportunity to ask questions and advise who best to contact in respect of those questions, if you are unsure about how to safely carry out your work;

- g. ensuring any health and safety representatives receive appropriate training to carry out their functions effectively;
 - h. providing a health and safety induction and appropriate safety training to your role, including:
 - manual handling;
 - control of substances hazardous to health (COSHH);
 - i. promoting effective communication and consultation between the Employer and staff concerning health and safety matters and will consult with staff directly relating to health and safety;
 - j. if an epidemic or pandemic alert is issued, providing instructions, arrangements and advice to staff as to the organisation of business operations and steps to be taken to minimise the risk of infection;
 - k. regularly monitoring and reviewing the management of health and safety at work, making any necessary changes and bringing those to the attention of all staff.
5. Harlesden Neighbourhood Forum Committee has overall responsibility for health and safety and has appointed the Forum Coordinator as the Principal Health and Safety Officer with day-to-day responsibility for health and safety matters.
6. Any concerns about health and safety matters should be notified to the Principal Health and Safety Officer.

Responsibilities of all staff

General staff responsibilities

7. All staff must:
- a. take reasonable care for their own health and safety and that of others who may be affected by their acts or omissions.
 - b. co-operate with the Principal Health and Safety Officer and the Employer generally to enable compliance with health and safety duties and requirements.
 - c. comply with any health and safety instructions and rules, including instructions on the safe use of equipment.
 - d. keep health and safety issues in the front of their minds and take personal responsibility for the health and safety implications of their own acts and omissions.
 - e. keep the workplace tidy and hazard-free.
 - f. report all health and safety concerns to the Principal Health and Safety Officer promptly, including any potential risk, hazard, or malfunction of equipment, however minor or trivial it may seem; and
 - g. co-operate in the Employer's investigation of any incident or accident which either has led to injury or which could have led to injury, in the Employer's opinion.

Staff responsibilities relating to equipment

8. All staff must:
 - a. use equipment as directed by any instructions given by representatives of management or contained in any written operating manual or instructions for use and any relevant training.
 - b. report any fault with, damage to or concern about any equipment (including health and safety equipment) or its use to the Principal Health and Safety Officer, who is responsible for maintenance and safety of equipment.
 - c. ensure that health and safety equipment is not interfered with; and
 - d. not attempt to repair equipment unless suitably trained and authorised.

Staff responsibilities relating to accidents and first aid

9. All staff must:
 - a. promptly report any accident at work involving personal injury, however trivial, to the Principal Health and Safety Officer so that details can be recorded in the Accident Book and cooperate in any associated investigation.
 - b. familiarise themselves with the details of first aid facilities and trained first aiders, which are available from the Principal Health and Safety Officer.
 - c. if an accident occurs, dial not applicable and ask for the duty first aider, giving name, location, and brief details of the problem.
 - d. The Principal Health and Safety Officer is responsible for investigating any injuries or work-related disease, preparing and keeping accident records, and for submitting reports under the Reporting of Injuries, Diseases and Dangerous Occurrences Regulations 2013 (RIDDOR), where required.

Staff responsibilities relating to Coronavirus (COVID-19)

10. Given the outbreak of Coronavirus (COVID-19), it is important that all staff members follow national and local guidelines to ensure maximum safety and minimise the risk of infection. We will ensure that guidelines are regularly circulated to trustees, staff and members as and when they are changed, and will ensure that there are up to date links available on the HNF website home page. Please see the section below on returning to work considering Coronavirus (COVID-19) for further details.

Staff responsibilities relating to emergency evacuation and fire

11. All staff must:
 - a. familiarise themselves with the instructions about what to do if there is a fire which are available from the Principal Health and Safety Officer.
 - b. ensure they are aware of the location of fire extinguishers; fire exits and alternative ways of leaving the building in an emergency.
 - c. comply with the instructions of fire wardens if there is a fire, suspected fire or fire alarm (or a practice drill for any of these scenarios).

- d. co-operate in fire drills and take them seriously (ensuring that any visitors to the building do the same), fire drills will be held at least once every 12 months.
 - e. ensure that fire exits, or fire notices or emergency exit signs are not obstructed or hidden at any time.
 - f. notify the Principal Health and Safety Officer immediately of any circumstances (for example, impaired mobility) which might hinder or delay evacuation in a fire. This will allow the Principal Health and Safety Officer to discuss a personal evacuation plan for you, which will be shared with the fire wardens and colleagues working near to you
12. On discovering a fire, all staff must:
- a. immediately trigger the nearest fire alarm and, if time permits, call reception and notify the location of the fire; and
 - b. attempt to tackle the fire ONLY if they have been trained or otherwise feel competent to do so. Nominated members of staff will be trained in the use of fire extinguishers.
13. On hearing the fire alarm, all staff must:
- a. remain calm and immediately evacuate the building, walking quickly without running, following any instructions of the fire wardens.
 - b. leave without stopping to collect personal belongings.
 - c. stay out of any lifts; and
 - d. remain out of the building until notified by a fire warden that it is safe to re-enter.

The Principal Health and Safety Officer is responsible for ensuring fire risk assessments take place and changes made where required, and for making sure there are regular checks of fire extinguishers, fire alarms, escape routes, signage, and emergency lighting.

Risk assessments, hazardous substances, display screen equipment and manual handling

14. Risk assessments are simply a careful examination of what in the workplace could cause harm to people. The Employer will assess any risks and consider measures to best minimise any risk. The Employer will carry out general workplace risk assessments when required or as reasonably requested by staff. Managers must ensure that any necessary risk assessments take place and the resulting recommendations are implemented. The Principal Health and Safety Officer is responsible for workplace risk assessments and any measures to control risks including when working from home.
15. The use of hazardous substances at work will be avoided where possible and less hazardous alternatives will be used where available. Training on the control of substances hazardous to health (COSHH) will be provided where required.
16. Staff who use a computer for prolonged periods of time should try, where possible to organise short breaks every few hours away from the computer screen, but may request a workstation assessment and/or an eye test by an optician by contacting the Principal Health and Safety Officer. The Principal Health and Safety Officer will then provide you with more details and decide if you would like to proceed. Guidance on the use of display screen equipment can also be obtained from the Principal Health and Safety Officer.
17. Guidance on manual handling (for example, lifting and carrying heavy objects) can be obtained from the Principal Health and Safety Officer and where necessary training will be

provided by the Employer, but the Employer will try to minimise or avoid the need for manual handling where there is a risk of injury.

Coronavirus (COVID-19)

18. We will at all times comply with national local guidelines: <https://www.gov.uk/coronavirus>
19. Links to national and local guidelines as well as other useful and relevant resources will be maintained on the HMF website and reviewed at least monthly
20. Ensure you familiarise yourself with the guidelines provided here alongside the government guidance.

Social distancing

22. Social distancing must always be followed, including in common areas, break rooms, canteens, meeting rooms and reception areas. If individuals are found to not be following social distancing rules or if the space does not allow for social distancing, we will implement staggered breaks or other measures to maintain social distancing.
23. We may change your arrival and departure times in the office or work location to reduce crowding into and out of the workplace and will ensure that we discuss this with you first to accommodate your needs as far as possible.
24. We will take into account the impact of any measures on individuals with protected characteristics as defined by the Equality Act 2010, namely sex, disability, gender reassignment, marriage and civil partnership, pregnancy and maternity, race, religion or belief, sex, or sexual orientation. This means we will ensure our measures do not adversely affect one group over another.
26. Where social distancing guidelines cannot be followed in full in relation to a particular activity, we will consider whether that activity needs to continue.
27. In the event of an accident or emergency, you are not expected to follow social distancing rules if it would be unsafe to do so. You will be given instructions in the event of an emergency on what you should do.

Travelling to and from work

28. We recommend that staff minimise travel. If staff must travel, we urge staff to avoid using public transport where possible. We also recommend staff that the number of people travelling together in any one vehicle is restricted to only those necessary.

Hygiene practices at work

30. We will provide adequate handwashing facilities (or hand sanitiser where not possible) at entry/exit points and expect all staff to use these facilities frequently whenever entering and exiting the workplace.
31. We encourage staff to bring their own food if required and to use their own utensils and drinking containers.

Mental health whilst working during Coronavirus (COVID-19)

40. We take the health of our staff seriously, including their mental well-being. Whether you are working remotely or returning to the workplace, we strongly encourage you to speak to your line manager, a colleague, or a member of the HR team regarding any concerns or issues you may have.
41. If you are working remotely from home or returning to the workplace, we encourage staff to:
1. Connect with their fellow colleagues for informal chats or video calls.
 2. Get regular exercise and sunlight outdoors.
 3. Take regular breaks away from their workstation; and
 4. Ensure they are drinking sufficient water and eating properly.
42. The charity Mind has a range of resources on mental health and wellbeing and COVID-19: <https://www.mind.org.uk/information-support/coronavirus/>

Non-compliance with health and safety rules

42. Any breach of health and safety rules or failure to comply with this policy will be taken very seriously and is likely to result in disciplinary action against the offender, in accordance with the Employer's disciplinary policy, up to and including immediate dismissal.
